

CARDIOLOGY

SESSION

	TITLE	AUTHOR	COAUTHORS
1	Nutritional status and its impact on clinical condition and biochemical parameters in patients hospitalized due to heart failure.	Kryzstofiak Helena	
2	Brain natriuretic peptide as cardiovascular diseases marker for patients with and without Heart failure.	Vasiljevs Aleksandrs	
3	Evaluation of the reference values of aortic pulse wave velocity in healthy subjects using Doppler echocardiography.	Ludwiczak Marta	Cienschkowska K.
4	Extracellular vesicles as a source of new biomarkers in acute myocardial infarction	Gajewska Magdalena	Siwik D, Karoń K.
5	RELATION OF RIGHT VENTRICULAR FUNCTION TO HEALTH-RELATED QUALITY OF LIFE AND OUTCOMES AFTER CARDIAC RESYNCHRONIZATION THERAPY	Saniukaitė Agne	Rugieniūtė J.
6	Percutaneous treatment of left main coronary artery: evaluation of in-hospital outcomes in patients disqualified from bypass surgery	Skorupski Wojciech	
7	Eccentric left ventricular hypertrophy risk factors in patients with stable coronary artery disease	Krawiel Magdalena	Muszyński P, Pawlukianiec C, Niechoda A, Kurylonek S.
8	Alterations in the cardiovascular system in patients with cirrhosis - assessment of a haemodynamic profile.	Kusztal Maciej	Bodys A, Babiarz A.
9	INFLUENCE OF REGIONAL FEATURES OF FATTY TISSUE DISTRIBUTION ON STRUCTURAL AND FUNCTIONAL STATE OF CARDIOVASCULAR SYSTEM	Podgolina Elena	
10	LIPID PEROXIDATION AND ANTIOXIDANT DEFENSE ACTIVITY IN PATIENTS WITH MILD TO MODERATE HYPERTENSION AND METABOLIC SYNDROME	Shishko Vlad	
11	Clinical characteristic of patients with HFmrEF - comparison to HFpEF and HFrEF.	Kubinowska Barbara	Bodys A, Durmaj A, Kawa J, Pietrzak L, Wysocki K.

12	The Effect Of Ace And HMG COA Reductase Inhibition On Outcomes Of Transcatheter Aortic Valve Implantation	Leszczyński Piotr	Wiszniewski K.
13	Ergospirometry As An Important Tool In Evaluation Of Patients With Pulmonary Arterial Hypertension	Michalski Tomasz	Pszczółka J.
14	Is Ecg A Good Tool To Diagnose Left Ventricular Hypertrophy?	Pszczółka Joanna	Zujko K.
15	Stress Echocardiography In Patients With Pulmonary Hypertension- A Pilot Study.	Mickiewicz Klaudia	Oleksiuk M, Michalski T.
16	Comparison Of Two Types Of Cardioplegia Del Nido Vs. Cold Blood	Kuciński Jakub	Górska A.
17	Prevalence Of Polypharmacy With Use Of Cardiological Medication Evincing Anticholinergic Effect Among Elders.	Paławska Marta	Muszyński P, Oleksiuk M, Chomentowski A, Mickiewicz K.
